5. Payment session — what the network authorized

Payment authorization scope registered with the network

Session ID	ses_01KYZ7AFQP000FHYZB7EXND8Q6
Order ID	ord_01KYZ7AFQP000MTDYB21KS05CX
Expires at	2026-08-01T18:08:02.710Z
External order ref	97e59cc99b6eef82f8e20da257c2afe56423b8461be4cba66d59cca0d6297de8.01
Attempt	1

The external order reference is the mandate hash plus the attempt number, tying the network's record of this payment to the evidence chain above.

6. Credential issuance — masked

Credential issuance record (masked)

Transaction reference	tli_01KYZ7AFQR0003D9W6DFZKZ3Y6
Card token	 6295
Expiry	12/2027

7. Point-of-sale re-verification

Point-of-sale re-verification immediately before card entry

Verdict: **PASS**
